

WHAT'S HAPPENING ON TYLER STREET! June 2015 Issue 2

Walking Loop, Holiday Décor, and Walk/Bike Safety

Last summer, Be Well Berkshires, Berkshire Health Systems, the City of Pittsfield, Berkshire Regional Planning Commission came together with Tyler Street Business Group to bring Healthy Pittsfield's Morningside 2 Mile Walking Loop to the neighborhood. Phase two of the loop is planned for the coming year.

During the holidays, new Holiday Shooting Stars and 6 more decorative poles added sparkle to Tyler Street through our partnership with the city. This summer banners are being displayed up-and-down the street.

Also in December, we participated in a Walking and Biking Safety assessment with agencies of the State of Massachusetts – one of ten communities in the state to receive this assistance.

This assessment is invaluable as we move forward with the TDI grant and streetscape planning for the neighborhood. The Transformative Development Initiative (TDI) envisions a thriving residential neighborhood linking the William Stanley Business innovation district and the Berkshire Medical Center.

Renew your annual membership, join us at the monthly meetings and let's make this happen together. Before July 1, you'll save \$10 on your renewal. Membership forms can be downloaded from - www.tylerstreetpittsfield.com/membership.html

Thank you to all that have renewed by mail, you have saved us precious time that we need to spend on our projects!!! Next issue we'll have more details on the TDI grants and loans. Please renew your membership now, if you haven't yet, so you will receive this timely information.
